

Kyrgyz State Technical University named after I. Razzakova
(Kyrgyzstan)

INFORMATION MAIL

Dear students, undergraduates, graduate students, PhD students!

Kyrgyz State Technical University named after I. Razzakov invites you to take part in the
International Network Scientific and Technical Conference (ISNTC)

“Science and Innovation: Prospects and Challenges”, which will take place on March 28-29, 2024.

The purpose of the conference is to create an information and communication environment for the exchange of knowledge, ideas and experience among young scientists, students and graduate students in various fields of science, technology and practice.

The work will be in the following areas:

1. Information technology and digital solutions
2. Green energy, electrical engineering and ecology
3. Innovative technologies in the food and light industry
4. Transport and robotics
5. Reliability and durability of building materials and structures
6. Innovations in architecture and urban planning
7. Innovative solutions to technical, engineering and technological problems
8. Electronics and telecommunication systems
9. Modern vectors of economic development in the conditions of innovative integration
10. Current problems and prospects of geology and mining.
11. Logistics of urban transport: problems and solutions
12. Engineering and information technology.

The event includes a plenary session, scientific sections, and a competition for the best report by young scientists and students.

Plenary session: Registration 9.30-10.00

Participation in the conference is free, upon prior registration.

Recommended articles for publication will be published in a separate collection

Conference materials in electronic version

Working languages: Kyrgyz, Russian, English.

Mode of delivery: full-time and remote (Zoom.us).

APPLICATIONS UNTIL MARCH 14, 2024 IN DAYS
